

## Academic Opening at ENSAE-CREST in Paris Assistant/Associate Professor in Actuarial Science

### About ENSAE and CREST

The École Nationale de la Statistique et de l'Administration Économique (ENSAE) is a leading French Higher Education Institution in the fields of Economics, Statistics and Finance. ENSAE is a founder member of Paris Institute of Technology, a cluster of some of France's most prestigious "Grandes Écoles". ENSAE's research is conducted within CREST, the Center for Research in Economics and Statistics.

ENSAE and CREST are in the process of moving to the "Plateau de Saclay", in the south of Paris. This is France's most ambitious academic development project. This centre will gather the École Polytechnique, HEC and several other leading Grandes Écoles, as well as the university of Paris Orsay. Together with these institutions, ENSAE and CREST have the ambition to build a leading European centre in Economics, Management, Applied Mathematics and Finance.

### Job Description

ENSAE calls for applications for the position of Assistant or Associate Professor in Actuarial Science, starting in September 2010.

Applicant profile:

- Applicants must have completed their PhD by September 2010
- Research record in at least one of the following fields: Actuarial Science, Economics of Risk, Insurance Economics, Risk Measurement, Risk Management or Quantitative Finance. The applicant must have shown strong interest in the area of Risk and Insurance.
- Publications or potential of publications in academic journals of international standing
- Teaching experience

Knowledge of French is not required, however some knowledge of French is valued.

#### Duties and Responsibilities:

- To teach at Master's level (two 20-hour courses)
- To coordinate ENSAE's major in Actuarial Science
- To participate in CREST's research activities (seminars, workshops, reading groups)

#### Terms and application

Level of appointment and salary will be determined according to previous experience (up to approximately 70,000 euros per year net of social contributions, for candidates with a strong research record).

Tenure decision is made after 3 to 6 years.

#### Application package:

- Curriculum vitae
- Cover letter with statement of research interest
- Three research papers
- Names of three academic references willing to provide letters of recommendation
- Any document attesting previous successful teaching experience

The application package should be sent in electronic format to [info@ensae.fr](mailto:info@ensae.fr) by February 1st, 2010.

Applicants selected on the basis of the above record will be invited to present their academic work at ENSAE-CREST.
