ABOUT ENSAE PARIS

ENSAE Paris program is unique, combining outstanding scientific training in statistics and economics as well as professional skills developed through ENSAE's close links with companies and public institutions. The curriculum prepares students to become top-level professionals and researchers in Data Science, Macroeconomics, Microeconomics, Actuarial Science, Quantitative Finance, Risk Management or Quantitative Sociology.

ENSAE Paris is home to the internationally renowned CNRS-ENSAE-Ecole Polytechnique research center in Statistics and Economics (CREST).

**ENSAE Paris is located on IP Paris' campus,
in the Paris Saclay cluster, a prestigious
scientific hub with public and private
research centers, universities and tech firms.**

Exams period		
End of May to Early June	Mid-May	Beginning of May
Re-sit exam period		
Beginning of July	End of June	End of June

2.2. Courses and language of tuition

All courses from the ENSAE Paris Curriculum (Master of Science and Engineering) are available to exchange students. Find out more about the structure of the French “Engineer Program” [here](#).

To qualify for admission, candidates must have completed at least **3 years of bachelor** before arriving at ENSAE Paris.

Exchanges at ENSAE Paris usually take place at graduate level. However, upon our partners’ request, we can exceptionally consider applications from senior bachelor students.

The course selection should be consistent with the student’s academic background and their current academic year of enrolment. In addition to the advice of the home institution supervisor, ENSAE Paris can provide assistance regarding courses prerequisites and levels.

COURSE CATALOGUE

ENSAE PARIS Engineer Program (Master of Science and Engineering)

GRADUATE LEVEL COURSES	Equivalent to 2 nd year of MASTER	3A	<u>3rd Year of ENSAE Engineer Program</u> Mainly taught in English*
	Equivalent to 1 st year of MASTER	2A	<u>2nd Year of ENSAE Engineer Program</u> Large selection of courses available in English*
UNDERGRADUATE LEVEL COURSES	Equivalent to final year of BACHELOR	1A	<u>1st Year of ENSAE Engineer Program</u> Courses exclusively taught in French*

**The language of tuition can be confirmed by clicking on each course on the webpage. B2 is the recommended level for the language of tuition of the selected course.*

It is possible to mix courses from different years, but timetable conflicts may arise, which would require adjustments. You will have two weeks after your arrival to change your course selection.

We offer **French as a foreign language** courses (1,5 hours a week for 2 ECTS) but availability is not guaranteed and is conditioned to the number of exchange students enrolled at ENSAE Paris with the same level of French during the same period.

GRADING SYSTEM AND EXAMS

Courses are graded on a scale from 0 to 20, with a passing grade of 10/20.

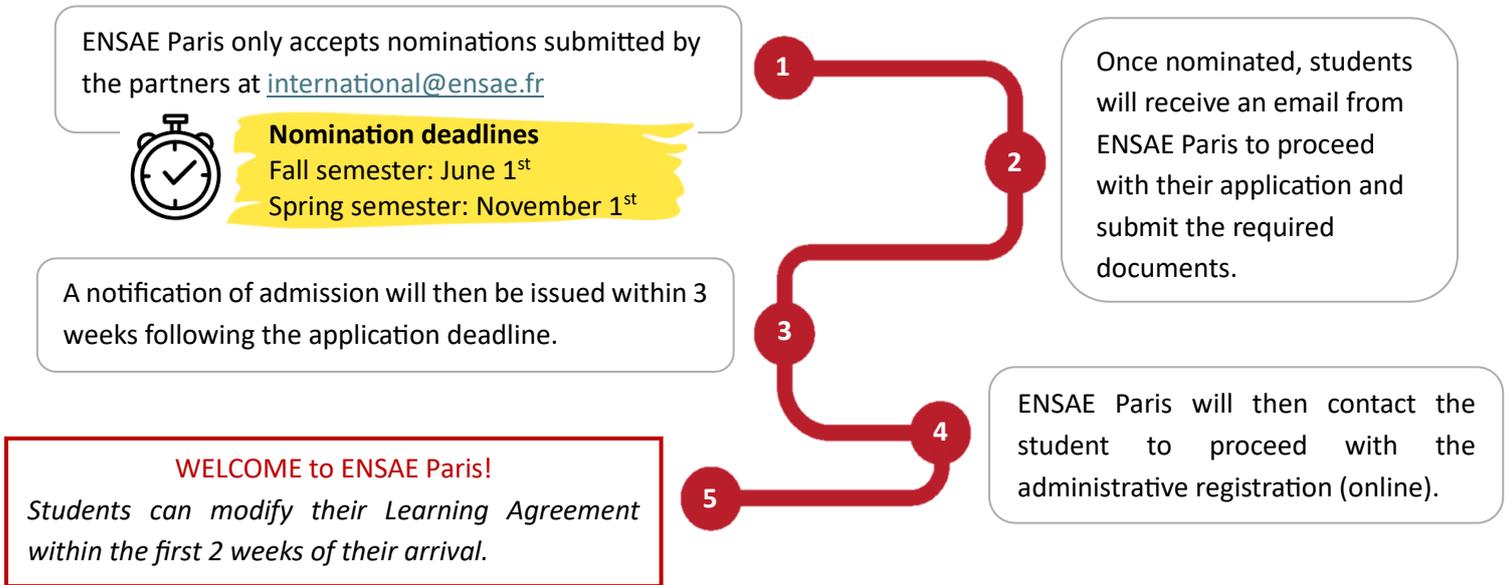

We assess academic performances using continuous and/or final exams, in the form of written, oral or practical exams, or essays, depending on the course.

A transcript of records will be issued within five weeks of the assessment period’s conclusion. Students can request their transcript of records by sending an email to international@ensae.fr.

3. APPLICATION AND ADMISSION

3.1. Application and Registration Procedures

3.2. Required application documents

Nominated students will need to send us the following documents:

- Copy of ID or passport
- An academic curriculum vitae (2 pages max.)
- Academic Transcripts of Records of the Higher Education
- Certificate of Bachelor (if available)
- Language certificate(s) (if any)
- Project of Learning Agreement (list of courses)

4. GENERAL INFORMATION

4.1. Contacts

International Office

✉ international@ensae.fr

Tania CASTRO, Director of International Relations

Joris BERMUDE and **Clara TULASNE**, International Relations Officers & Erasmus Coordinators

☎ | +33 (0)1 70 26 66 77

4.2. Student Life

Life at ENSAE Paris goes far beyond classes, exams and diplomas. As a school on a human scale, ENSAE Paris "knows its students by name", supports them in all their endeavors, from admission to the construction of their professional projects, and ensures their well-being.

Find out more information about our [Student services](#) such as health services, support for students with disability or personal difficulties.

Accommodation: several options are available for students, on or outside campus. Please note that ENSAE Paris does not have its own accommodation but will help you find one. Erasmus+ exchange students can also directly apply for housing at the [Cité Internationale Universitaire](#).

ENSAE Paris has been awarded the three-star "Bienvenue en France" label by Campus France. This distinction recognizes the quality of the welcome policy offered to international students and the internationalization strategy of the institution.

Bureau for International Students (BDI)

This student union, together with the Students' Bureau (BDE) and the International Office, ensures the good integration of international students through various activities (welcome picnic, sports tournament, gastronomic evening, etc).
