

Position in Quantitative Finance and/or Actuarial Science at ENSAE Paris-CREST

ENSAE Paris and CREST are recruiting an Assistant Professor or an Associate Professor in Quantitative Finance and/or Actuarial Science, with a recognized research activity in these fields. Candidates should have an excellent scientific background and significant teaching experience.

We will give preference to candidates whose research topics are broad and fall within ENSAE-CREST's areas of specialization, namely financial modeling, actuarial science, mathematical finance, and data science applied to finance/insurance problems.

The appointment starts on September 1, 2023. Salary is competitive according to qualifications. Teaching duties are reduced compared to French university standards.

At the Assistant Professor level, the position is attributed for an initial three-year term (during which teaching duties are reduced by half if the PhD was obtained less than 3 years earlier), renewable for another three years (with full teaching duties) before the tenure evaluation based on publication track record as well as teaching feedback. At the level of Associate Professor, the position is permanent.

Candidate Profile

- PhD in Finance, Mathematical Finance, Actuarial Studies or Statistics.
- Publications in leading international journals in Quantitative Finance, Actuarial Studies, Applied Probability, Econometrics and/or Statistics.
- Ability to teach Quantitative Finance and/or Actuarial Science at the undergraduate and graduate levels, and to supervise student projects in these areas

Application documents should be submitted in French or English to recruitment@ensae.fr; they should contain :

- A curriculum vitae ;
- Details of current and future research projects and past teaching activities ;
- The names and addresses of at least three French or foreign academic referees who could write a letter of recommendation.

Application deadline : 20 mars 2023

Selected candidates may be invited to present their work at ENSAE-CREST.
